DISTRICT 11 POLICY GUIDELINES

Revised thru *January 2009*

ARTICLE 1. GENERAL

SECTION A. The American Motorcyclist Association Competition

Rule Book and Road Rider Rules shall be followed

in their entirety. While the District is not a rule making body for the AMA, it's intent is to see that the AMA's goals and guidelines are followed. Functions also include the following:

1. To design and administer where necessary a number system for various categories of organized motorcycle competition.
2. To establish a points system for riders.
3. To establish a participation and advancement system for the riders.
4. To assist the AMA in the coordination and reporting of calendars of sanctioned events.
5. To support the AMA government relations efforts on the state level.
6. To provide a means of communication with the membership via a newspaper or newsletter.
7. To recognize participation and achievement through an appropriate awards or recognition program on the District level.

SECTION B. Sanctioning Procedure for Clubs and Promoters.

1. All Clubs and Promoters must have an AMA Charter and a District 11 Charter before they can sanction a points paying event. Each sanctioned event shall be assessed a congress fund fee to be paid at the time of sanctioning.
2. Off-Road - A sanction meeting is run by the AMA and District

11. The District 11 off-road sanctioning procedure is a lottery procedure. All clubs and promoters names are put on a board and one is drawn. Then, each club and promoter is picked by going around the board. Each club and promoter gets one pick in turn of any date they want. If a club or promoter wants 2 or more consecutive dates (i.e., Saturday and Sunday), they may pick, but lose their next turn(s). The process is continued until all dates are filled or all clubs and promoters have all the dates they want. This procedure shall apply unless an alternative procedure is voted upon and approved by the majority at the sanction meeting. There will only be one hillclimb or 1 dirt track on any one date. There will be only one enduro or one hare scramble on any one date.

There will be no more than 2 motocrosses on any one date. The mileage between like events and conflicting events will be decided at the start of the sanction meeting.

Example - 60 miles like events - 40 miles conflicting events.

Mileage is determined by a straight line on an Ohio map. If a club or promoter decides to drop for any reason, they may but they do not get an extra turn to replace the event they dropped. There will be no exceptions to mileage even if 2 parties agree.

3. Road Division -All dates will be submitted at the annual sanction meeting. The mileage between events will be decided at the start of the sanction meeting. Any conflicts will be settled at that time by promoting organizations.

SECTION C. Any club or promoter applying for an event sanction after the annual sanction meeting must be approved in writing by all other clubs/promoters sponsoring a conflicting event on that date. This must be approved in writing by the Event Chairman and/or President of District 11. For Enduros, see Enduro Guidelines (Article IV, Section B). Conflicting events after the sanction meeting are:

Group I - Dirt track (half mile, short track, indoor short track), Scrambles, Speedway and Ice Racing.

Group II -Motocross, Hare and Hound

Group III - Enduros, ISDT Type Trials, Hare Scrambles, Cross Country Events. (to include GNCC)

Group IV - Observed Trials, Scottish Trials.

Group V - Road Races, Street-Type Grand-Prix Racing.

If two (2) clubs/promoters send in for an open race date after the sanction meeting, they can both have that date, if they are 200 miles apart. If they are under 200 miles, the earliest approved AMA sanction will get the date.

SECTION D. Method of Amendment of Guidelines.

1. Proposals for guideline changes can be made anytime during the course of the year. They will be read at a minimum of two monthly meetings and appear in at least one newsletter. At that point the board will vote on whether the guideline change proposal has sufficient merit to appear on the

agenda for the October meeting. A list of all final proposals will be sent out to all clubs between the September and October meetings. A majority vote will carry the guideline changes. These changes will be effective for the following season. Only guideline changes voted on at this meeting can be implemented.

- 2. Any new proposed classes shall be probationary for at least the first season.

ARTICLE II. RIDER POINT SYSTEM

SECTION A. To accumulate points in District 11, toward year-end awards, a rider must be a current District 11 and AMA card holding member. Off-road riders, living within District 11 geographic boundaries must be members of District 11. Road riders wishing to accumulate District 11 points must be an individual member of District 11.

SECTION B. Points shall be kept on an annual basis. A racing season will be from November 16 to November 15. This will allow ample time to prepare for the awards and have trophies, etc., made for presentation to the class winners. Any protest or concerns involving year end points must be brought to the attention of District 11 no later than 14 days prior to that division’s banquet dinner.

SECTION C. Riders that are not District 11 members will not receive District 11 points, and District 11 members will not be moved up. For Road Division rule, see Section D under Road Division.

Example: Riders Finish Points

1	0-non-dist
2	16
3	0-non-dist
4	11
5	10

Riders 1 and 3 receive no District 11 points, but riders 2,4,5, and 6 do not move up to get higher points than they earned.

Any OFF ROAD National class will not exceed the 5-20 rider point scale (re: 1st =20 pts. , 2nd=16pts., etc....) This includes all Nationals and GNCC.

SECTION D. For amateur classes, where age is a determining factor, certified birth certificate or driver's license must be presented upon request. See AMA Rule Book for age determination.

SECTION E. All clubs/promoters must submit to the District, postmarked within 7 days, a referee report for all District 11 classes run at an event. FAILURE TO DO SO MAY RESULT IN LOSS OF SANCTION DATES.

ARTICLE III. MOTOCROSS

SECTION B. For races with small attendance, the classes may be combined, in accordance with AMA guidelines, but the points will be recorded separately.

SECTION C. The first 10 riders in each "A" Class may be assigned numbers according to their season finish, or they may reserve their number if they notify the District 11 no later than January 15.

SECTION D. Indoor MX will not count for year-end awards or regular District 11 points.

SECTION E. Pro Riders are not eligible for "A" Class Year-end awards. Pro-Sport riders are eligible for "A" Class year-end awards.

SECTION F. The committee to review "A" riders that petition to return to "B" class status, shall be made up of:

- 1-event chairman,
- 1-off-road congressman
- 1-elected officer.

Petitions shall be reviewed during a meeting and determinations shall be printed in that meetings minutes.

SECTION G. C CLASS ELIGIBILITY

The C classes in motocross are for new riders without experience in the sport. This gives new participants a class to enter where they can be competitive and race against others with an equal skill level. Most riders coming out of the Mini classes already have adequate race experience and will ride the B classes. The following guidelines would eliminate a rider from petitioning to ride the C classes:

1. Any rider placing in the top ten year end results in any class; in any division; at any time; at any age; in any District would not be eligible for the C class.
2. Any rider who has raced more than three years in the amateur classes would not be eligible for C class. If a rider has prior race experience in amateur or youth division classes and normally finished at 50% or better in the races they participated in, they are not eligible for C class.
3. Any rider who has finished in the C class top 6 year end results must move up and is not eligible to return. Year end awards will be presented to these six riders at the district banquet.
4. Any rider who has an advancement rating of 15 or higher must move out of the C class for the next season. A rider must have a score in a minimum of 5 events before an evaluation level will be figured.
5. Any rider who totally dominates a C class can be reviewed during the racing season. The same committee members who review petitions would perform the review. This type of advancement would only be effective after any Amateur National events the rider had qualified for were completed. This would be done at the recommendation of the Division Chairperson.
6. Per AMA rule, no rider who has ever qualified for a National event in previous years may ride C class.
7. Per AMA rule, any rider from a District without a C class will not be eligible for a District 11 C class if they competed in any form of racing prior to January 1 of the preceding year.
8. Per AMA rule any rider who has been classified as an A or Expert rider is not eligible for C class.
9. No rider who was advanced out of the C class in any District can ever ride C class.

Petition procedure: Preprinted petition forms are available from the District office. Rider is to fill these out completely and return it to the District office with a non-refundable \$5.00 fee. When a new rider is applying for his/her District membership and says he/she wants to apply for a C card and ride C class that same day we allow him/her to do so with the understanding that if it is found that he/she is truly an A or B rider they may be suspended for one year per AMA rules.

SECTION H. ADVANCEMENT METHOD

1. Advancement points and Championship Points will be kept separate. A rider who attends every race, and through his participation supports the District and its organizer's, is rewarded by accumulating Championship Points toward the District Year End Awards. That same rider generates an advancement evaluation that responds to his successful participation, rather than how many events he/she has

ridden. Championship Points will be in accordance with AMA Rule Book.

Riders must advance up from "C" to "B" or "B" to "A" as of January 1st of the new racing year.

2. Championship points are for year-end awards.

Example: 2 - 4 entries 4 riders may receive points.

5 - 20 entries 14 riders may receive points.

over 20 entries 20 riders may receive points.

3. Advancement Points will be as follows: (for "B" classes)

The "B" Classes (250 B and Open B only) are for riders earning points for advancement to "A". A rider advances himself based on his successful participation as compared to other riders. The rider evaluation measures that rider against the other riders, in the same ability level.

The total number of advancement points accumulated in a season is divided by the total events entered where points were earned. This creates the rider's performance value. If the performance value is 15 or higher, the riders will advance. Out of district riders do

not figure in the equation in any way. This system compares the riders in District 11 to one another. A rider must have a score in a minimum of 10 events before an evaluation level will be figured.

Advancement points are on an annual basis, not accumulative.

4. District 11 will send a list of all "A" riders to each club/promoter each year.

5. "A" or Expert rider classification and/or participation is considered permanent advancement, but may be changed. If, after riding one season as "A" rider, a rider feels he/she is not qualified and capable of competing reasonably successfully in the "A" class, a rider may appeal to his/her chartered District, in writing, asking to return to the "B" class. Riders will be notified in writing of the out come of the appeal. All A to B petitions will be reviewed ONLY at the January meeting.

Petitions will be accepted after November 15th and must be received by January 16th for consideration along with \$5.00 fee.

Those riders returned to "B" classes shall be only those riders totally non-competitive in the "A" class situation, in the opinion of the District council. All decisions are final. Care will be taken not to return riders that dominate the "B" class they are returning to. Upon returning to the "B" class, the riders will begin accumulating "B" advancement points. A rider may return to the "B" class only once. A fee of \$5.00 must accompany the request.

6. A rider cannot compete in the "B" Class if he/she held a pro license the preceding racing season.

7. An "A" rider may be reviewed for return to "B" status if he/she has sustained a major injury preventing them from racing for at least 6 months. The review must be requested in writing, with a \$5.00 fee, and a medical report within 60 days of the return to racing. If "B" status is approved, the rider will only need a rating of 12 rather than 15, per Section H, Number 3, to be advanced back into the "A" class.

8. Any rider, who after reaching the age 32, may petition to return to "B" class racing. Advancement points towards the "A" class will not count.

9. Advancement Points and Championship Points will be kept separate.
A rider who attends every race, and through his participation supports the district and its organizers, is rewarded by accumulating Championship Points toward the District Year End Awards.
10. That same rider generates an advancement evaluation that responds to his successful participation, rather than how many events he/she has ridden.
11. Championship Points will be in accordance with AMA rule book system/
Championship points are for year-end awards.
12. Advancement points will be as follows: (for "C" classes)
The "C" Classes (125 C and 250 C only) are for riders earning points for advancement to "B". A rider advances himself based on his successful participation as compared to other riders. The rider evaluation measures that rider against the other riders, in the same ability level.
13. The total number of advancement points accumulated in a season is divided by the total events entered where points were earned . This creates the rider's performance value. If the performance value is 15 or higher (in "C" classes) the riders will advance. Out of District 11 riders do not figure in the equation in any way. This system compares the riders in District 11 to one another.
14. A rider must have a score in a minimum of 5(five) events before an evaluation level will be figured.
15. Advancement points are on an annual basis, not accumulative.

ARTICLE IV. ENDURO

SECTION A

1. Both "A" and "B" class season champions will be based on All of the enduro events posted for the year.
2. Any ties in the season points will be broken by determining class finishes.
The rider with the most 1st place results would be the higher finisher or 2nd, 3rd, etc results if necessary.
3. Both "A" and "B" Top overall season champion will be figured from the top 20 overall list by the method described in paragraphs 1 and 2.
4. *To receive year end awards there must be at least six (6) sanctioned Enduros in the points paying year.*

SECTION B. Not more than one Enduro shall be sanctioned on the same day, unless one is an "A" run and other is a "B" run.

SECTION C. "B" riders remain "B" for the competition season so riders will be eligible for awards at the Annual Awards Banquet.
"A" Riders must petition AMA to return to "B" status. See AMA Rule Book.

SECTION D. All referee reports are to be submitted, listing both the over-all finishes and the class finishes, so that District 11 awards can be given by class. The referee report must include a list of the combined "A"/"AA" top 14 and a list of the to p 20 "B" riders.

SECTION E. A rider may earn 10 participation points by working at an Enduro - BUT a riders participation points can not exceed half of his/her total points. Riders may also earn participation points by working a designated District 11 fund raising event.

SECTION F. Enduro Classes that pay points toward year-end District 11 awards are as follows: (no Enduro awards for 2009 season)

SECTION G. Class AA Guidelines.

1. The District's top 10 overall "A" riders from the immediately previous season must compete as "AA" class riders in the current season. The District points standing from the immediate preceding year shall be used to determine the top 10-in case of a tie for 10th place, all those tied will move to the "AA" class. The top 10 overall "A" riders are determined as in Article IV, Section A.

AA riders in District 11 that are eligible to ride an "age" class must ride AA in District 11 if they finished in the TOP 10 "A" rider list from the previous season".

2. Any National Enduro high-point overall winner in a current year must compete the remainder of the season as an "AA" rider.
3. "AA" class riders and "A" class riders compete for the same overall points, as per District 11 and AMA points guidelines; that is to say, points shall be awarded as if the "AA" class and the "A" class were combined into one class, and the combined top 14 riders then receive points in the order of their finish.
4. All "AA" class riders will compete in a single class regardless of the motorcycle engine displacement.

ARTICLE V. HARE SCRAMBLES

SECTION A. Hare Scramble classes that pay District 11 year-end points are as follows:

50cc stock (4-6) (*AMA classes 1,3 and 4 machines*)

50cc stock (7-8) (*AMA classes 1,2 and 4 machines*)

65cc (age 7-11)

Mini Junior (80cc 7-11)

Mini Senior (80cc 12-15)

125

200

250

Open

4 stroke

Vet (30+)

Senior (40+)

Super Senior (50+)

*Lightweight Novice (0-200cc)

*Heavyweight Novice (201cc & up)

Open A - (PRO) top 14 riders from any previous season and any rider wishing to ride in the class on any size motorcycle. Any rider eligible to ride the Vet, Senior and Super Senior may choose to do so rather than ride in the Open A (pro) class. However they will not be eligible for the overall amateur at any race or the year end overall amateur award.

ATV C - 2-stroke/4stroke. The top 6 at year end must ride "B" next season.

ATV - 25 plus – 4 stroke

ATV B – 2 stroke /4 stroke

ATV VET (30+ age 2 or 4 stroke)

ATV "A" class 2 stroke/4 stroke.

ATV 13-15 stock 300 cc 4 stroke max and 200cc 2 stroke max(probationary 2009)

Top 10 overall ATV riders will be advanced to ATV "A" at the end of each season. Once you ride "A" you must remain "A" for remainder of season.

**Novice classes are eligible for year end awards. Riders listed in the top 6 at year end in any other class except the youth riders, would not be eligible to ride in the novice class the following race season. Those who finish in the top six (6) in the novice class at the end of the season will advance out of novice permanently..*

SECTION B. "A" Class - "A" is the highest classification in the amateur status. It is up to the club whether to pay money or give trophies - riders can request trophy instead of taking money.

SECTION C. Referees report must include the top 14 overall bike riders, ATV top 14 overall regardless of class, top 14 micro riders and top 14 mini riders.

SECTION D. *Novice classes are eligible for year end awards starting in 2009.*

SECTION E. A rider must complete a minimum of ½ the number of laps as the winner of his class to receive a score and be eligible for points (per AMA Rules) EXCEPTION: (per D-11) Youth classes only - may be scored if

they complete at least one lap.

SECTION F. A rider may only accumulate worker points for two events equal to his/her highest point earning event competed in. Riders may earn participation points by working a designated District 11 fund raising event.

SECTION G. Any season of 20 races or less, 100% of the events (hare scrambles) will count toward the rider's year end points total. If there are 21 or more races scheduled at the annual sanction meeting then the riders score will be based on his best finish in 80% of that seasons events. The number of events scheduled at the annual sanction meeting will determine which scoring system shall be used. Any events added or deleted after that day will not cause the scoring system to be changed. When the 80% rule is used the final number of scores to count will be rounded to the nearest whole number ($26 \times .80 = 20.8$ will be 21 races and $24 \times .80 = 19.2$ will be 19 races). In the event of a tie based upon points the finishing order will be determined by class finishes. The rider with the most first place results would be the higher finisher. If the first place finishes are equal or if neither rider has a first place finish the determination would fall to second place finishes and if necessary third, fourth etc...

SECTION H: Arrows may be used to direct competitors on the proper route when the terrain does not clearly dictate direction. Unless otherwise instructed at the riders meeting, riders must ride no more than 20 feet from the course marking arrows. If two arrows are positioned on each side of the route, riders must remain between arrows.

SECTION I. Subject: Color coding the class. Proposal was made that District 11 adopt a color code system for hare scrambles events. (A color-coded sticker placed on the back of helmets would be a great help for the racers to identify riders' classes. It would also help promoters/clubs cut down on the complaints about riders starting in the incorrect row.) The following is an example of the bike classes and color codes that could be used pending color availability. Pro = white; Vet = dark orange; 4 stroke = fluorescent orange; open = chartreuse green; 125 = yellow; 200 = red; 250 = light blue; lightweight novice = pink; heavyweight novice = light orange; senior = dark blue; super senior = green.

SECTION J. Only events where all riders are eligible for the overall trophy and race at the same time shall be considered a hare scrambles. All others are non point paying GP's (see article VII)

ARTICLE VI. ROAD DIVISION

SECTION A. Road club members wishing to compete for points must be individual District 11 members. Club members may receive 10 participation points at their events. This is an effort to give club members a chance to compete for District 11 awards. Also, to encourage club membership.

SECTION B. District 11 points will be given to following classifications:

Solo -driver riding alone

Buddy Driver - driver riding with passenger

Passenger -passenger

Club -District 11 chartered clubs only

To pay 15 participation points in your respective class for any District 11 sanctioned Field Event.

To pay 10 participation points in your respective class for any District 11 sanctioned Bike Show.

SECTION C. All District 11 card holders will be scored as though they were the only entrants in the meet - they will move up to replace non-District 11 entries. Overall high hand receives 5 extra points.

SECTION D. District 11 participation points will be given for out of District 11 events (if proof of participation is submitted to the District 11 office within 30 days) as long as the event is not held in a bordering District on the same day as an event being held in District 11. (See Section G for exception to this rule).

SECTION E. 20 points will be given for participation in Nationals and Road Riding Conventions.

SECTION F. If a neighboring District holds an event, on the same day as a District 11 event and a road rider does attend and complete both events, he/she can receive points for both events.

SECTION G. District 11 Road Riders unable to ride their own event or District 11 sponsored road event due to working said event, can receive 10 participation points in their class for working said event. Riders may also earn participation pints by working a designated District 11 fund raising event.

Article VII Grand Prix

Grand Prix will be its own point paying division for year end District 11 overall awards. Grand Prix events would be scored separately from Hare Scrambles, accumulate points toward separate year end District 11 awards and be considered conflicting with Hare Scrambles. Grand Prix and Hare Scrambles events could not be scheduled as District 11 point paying events on the same day.
